

Appln No. 10/573,613
Amdt date July 14, 2010
Reply to Office action of April 14, 2010

REMARKS/ARGUMENTS

The above amendments and these remarks are in response to the Office action mailed on April 14, 2010. Claim 27 has been amended. Claims 28, 29, 31 and 32 have been canceled. Claim 33 has been added and is directed to subject matter disclosed in the application as originally filed. No new matter has been added. Claims 17-27, 30 and 33 are now pending in this application. Reconsideration on the basis of the above amendments and remarks below is kindly requested.

The Examiner objected to claim 29, but stated that this claim would be allowable if rewritten in independent form including all of the limitations of its base claim and any intervening claim. Claim 29 was dependent from claim 27. Claim 27 has been amended to include the limitations of claim 29. In addition, the limitation "wherein the changing of the position is performed in response to the noise produced during film transport" has been deleted from now amended claim 27, as it did not appear to be necessary in light of the limitations added to claim 27. Claim 33 has been added and is dependent from claim 27.

The rejections and objections to all claims in this application are now believed to have been overcome, and this application is now believed to be in condition for allowance. Should the Examiner have any remaining questions or concerns about the allowability of this application, the Examiner is kindly requested to call the undersigned attorney to discuss them.

Respectfully submitted,
